[New Braunfels, TX, July 2022] Trailer Alarms, LLC recently hinted on social media regarding the Knoxville Nationals held in August every year.

Today, Trailer Alarms, LLC announced they will be attending the 61st annual Knoxville Nationals. Trailer Alarms, LLC, owner of Trailer-Alarms.com will be working with Randall Motorsports during the weeklong event by installing a custom trailer alarm on their teams trailer. Randall Motorsports shop is only one block away from the famed Marion County track. We encourage all in attendance to come by and visit with the team, and Lyle, during the trailer alarm installation.

Lyle Clark, owner of Trailer Alarms, LLC says "I am excited to be doing this. Having grown up in southeast Iowa and attending weekly events at Knoxville was a highlight. One thing I was never able to do was attend the Nationals." Clark continued, "I've known Jon Randall for more than 10 years, and when he approached me about doing this project, I jumped on it."

Trailer-Alarms.com will be installing their newest PTS-2C with remote functions. All PTS-2 products will flash the running lights, sound a 120db siren, and lock up the electric brakes. The "C" feature adds a cellular function of send a text/e-mail alert if the alarm goes off. This new unit adds the option to remotely arm/disarm the alarm system thru an app on a smart phone.

Both Lyle and Jon invite anyone that is in the area to swing by and check out the installation on August 11 or 12 and get a demonstration of the alarm once the system is installed.

##

About Trailer-Alarms.com Started in 2005 as a web-based trailer security company to be the "Jags" of theft prevention devices for trailers. In 2015 Trailer-Alarms.com purchased the manufacturing rights of the Pro-Tec System One trailer security system (the only system with a 5-year warranty), taking it home to their location in Texas.

More than 17 years later, Trailer-Alarms.com has become the true leader in theft prevention devices for trailers, and then some.

Randall Motorsports is a Knoxville IA based sprint car team currently fielding cars in the wing 360 class.
